Gather Ideas to Build Your Own Dream

Ronald McDonald House Charities of Greater Cincinnati celebrates its 25th anniversary this year of providing a supportive "home away from home" for families and their children who are receiving treatment at Cincinnati Children's Hospital Medical Center or other area hospitals, regardless of their ability to pay.

Ronald McDonald House's goal is to enable families to be fully rested so they can best support their children's healing. The House enables families from across the United States and around the world to meet and gain support from other families with sick children who share the same fears and concerns.
